

my show

My Show™ is a party just waiting to happen! Imagine watching a movie while relaxing in the spa. The theater seating design directs everyone toward the focal point – the E-Suite monitor. But the monitor isn't the only star of the show – the Captain's seat therapy arch is amazing! It pampers every inch from my neck down to my wrists and the sides of my knees. Plus, the two Adirondack chairs are just the spots for serious leg massages. My spa puts on quite a Show™.

Upper body setting deliver therapy to the areas most in need – my neck, shoulders and whole back. Tri-Zone controls are strategically located throughout the spa putting everything at my fingertips.

The luxury control panel features ten buttons; soak timer to let me know how long I've been in the spa; real-time clock; quiet soak to shut down all jets and lights; panel lock; temperature control; light control; and settings control. Large LCD readout also features icons to show what system is running. Maintenance reminders are displayed on the LCD readout as well as individual LED lights indicate when it's time to clean the filters or change the water.
